

Add a hive load

1

ADD A HIVE LOAD

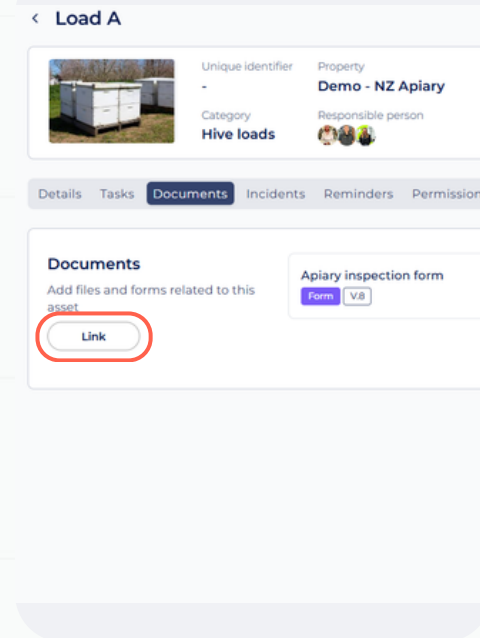

In the web portal, go to Assets, then click '+ Add' in the top right.

2

ADD LOAD DETAILS

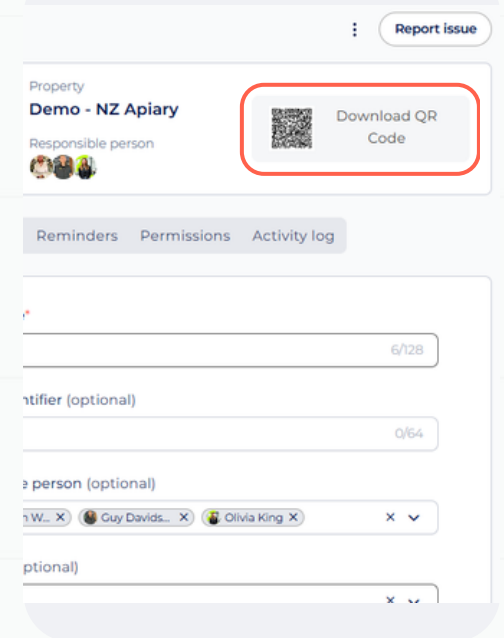

Enter the hive load name, then set the category to 'Hive loads' to add quantity of hives and location.

3

LINK THE APIARY INSPECTION FORM

From the Documents tab of the hive load, link the inspection form so you can complete your checks.

4

DOWNLOAD THE HIVE LOAD QR CODE

Download the QR code for this hive load so you and your staff can easily access it by scanning.
