

HOW TO

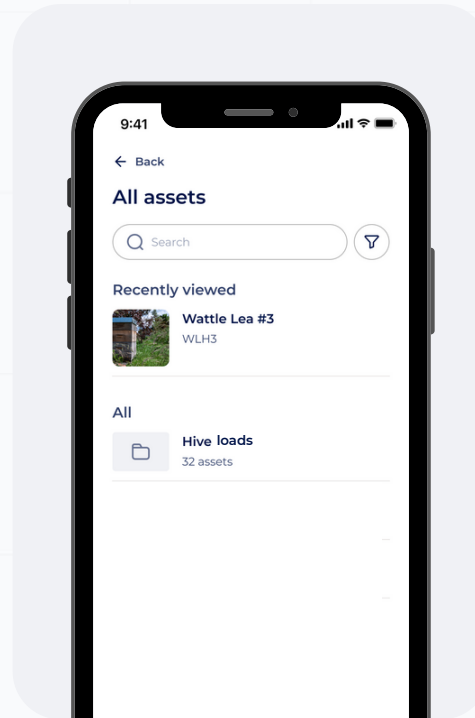

Add load details in the app

1

GO TO 'MORE'

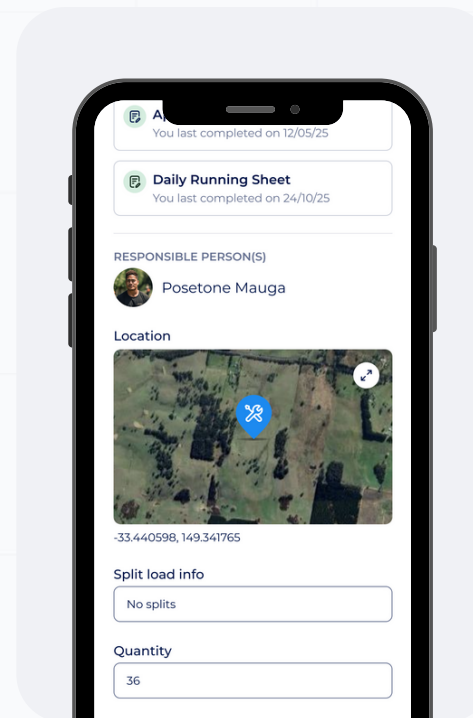

Open "More" on your app navigation, and click on "My company's assets".

2

FIND THE LOAD

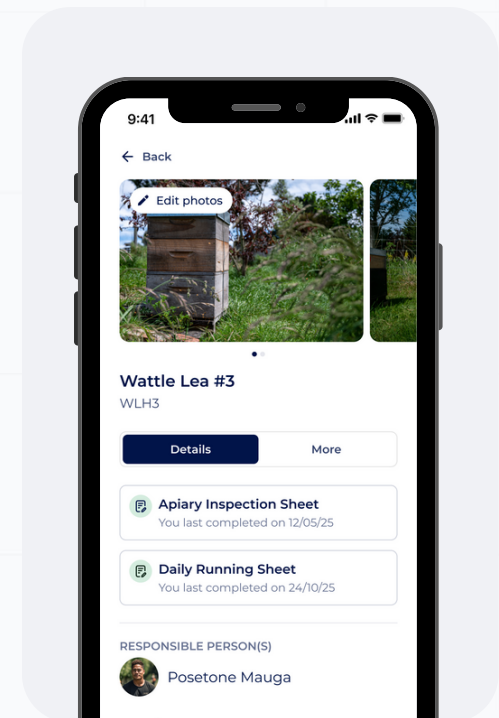

Use the search bar, or find the load you want to update.

3

ADD LOAD DETAILS

Edit the location by moving the pin on the map, and fill in the information fields.

4

ADD PHOTOS

Take a photo on your phone, or upload existing photos.
