

Set up notifications for assets

1

GO TO THE ASSET

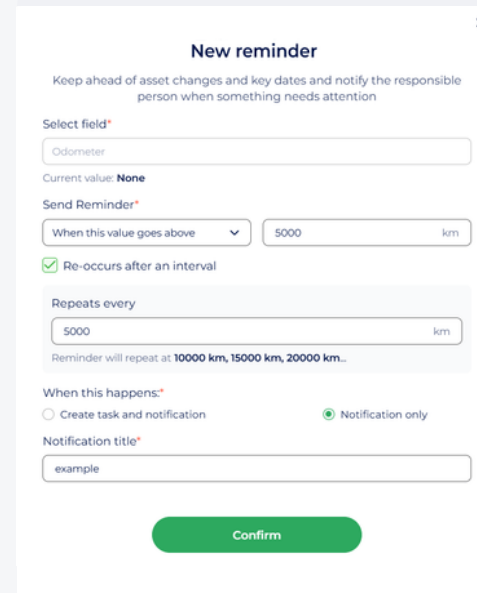

In the web portal, go to 'Assets', then click on the asset that needs notifications.

2

REMINDERS

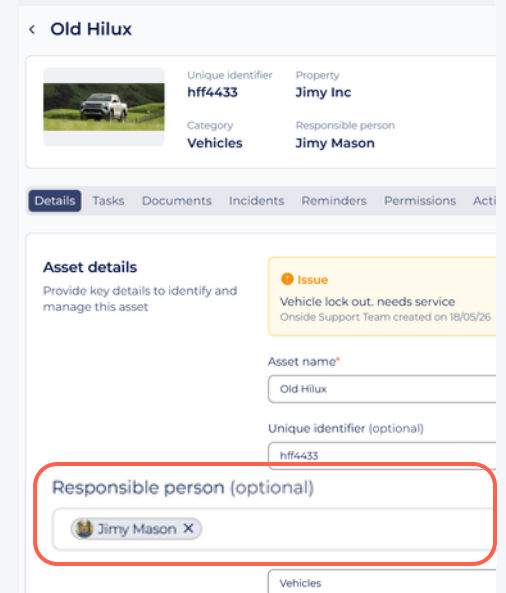

Click the 'Reminders' tab of the form, then 'Add'.

3

SET UP NOTIFICATIONS

Select 'Send notification'. Choose which field triggers notifications, such as when 'Odometer' goes above 5000km, and every 5000km.

4

NOTIFICATION DETAILS

Give the notification a title. The notification will be sent to the 'Responsible Person'.
